The world's favorite lock

Reliable, Convenient, Safe

Front Body

27(D)X66(W)X162(H)mm

Back Body

35(D)X70(W)X170(H)mm

Multiple Access

Yale YDD324 has three access solutions, PIN code, RFID card, Key override for your convenience.

Invisible Keypad

Keypad can be seen only when you touch the screen with your palm.

Operation Status Notification

Whenever any operation is made, the keypad informs you what is happened through different alignment of the numbers.

Missing key invalidation

Once you lose your card key, it has no validation as long as you re-register rest of your card keys.

Automatic Locking

The Yale series automatically locks the door after checking it is properly closed. (Manual operation is also available.)

Alarm (Break/Damage/Fire)

80dB alarm goes off if anyone attempts to damage the lock or force the door open, or if the lock detects over 60°C

Low Battery and Emergency Power

It warns in case of low battery with alarm and LED. When the batteries are completely discharged, you can easily supply emergency power to the lock with the standard 9V battery.

Remote Control (Optional)

Remote control type is also available. Wireless Floating ID technology is adopted and works up to 50m.

Fake PIN code

To prevent the PIN Code from being exposed, It allows you to enter Fake numbers before or after entering your PIN Code.
